Great Place To Work. Certified
DEC 21 - DEC 22 IRELAND

“ I am so proud that H&R Block's Global Technology Centre in Ireland has been certified as a Great Place To Work and that we join our colleagues in the U.S. & India achieving this great accolade! Our people work hard to make our workplace an enjoyable and innovative environment to work in and this certification is a testament to them. I have always dreamed of being in a work environment where I am excited to come to work every day and our people have helped build something even more special and greater than I could have imagined. We are committed to a culture of belonging and equality, where every voice is heard and everyone feels safe, included and inspired so that we can ensure our people thrive. We truly emulate our core value of being "better together" and I want to thank everyone for bringing their best self to work every day. ”

“ It is a great honour for our SolarWinds sites in Ireland to be Certified™ as Great Place To Work. We have had a presence in Ireland for 15 years, with offices in Cork and Dublin. This Certification™ is particularly important to us because it comes from direct feedback our Ireland team has provided.
